

FROM CAMPUS TO CAREER

An Insightful Industrial Training Session by the ECE Society, BIT Sindri

The ECE Society, BIT Sindri, successfully organized an insightful Industrial Training Session, “From Campus to Career,” featuring distinguished alumnus **Mr. Pinaki Paul**. The session provided students with valuable exposure to industry expectations and professional growth.

Through an interactive exchange of ideas, participants gained practical insights into essential technical skills, workplace practices, and the transition from campus to corporate life. The session encouraged students to understand the expectations of the professional environment and prepare themselves for a successful career journey.

Key Takeaways

- Exposure to industry expectations and professional growth.
- Practical insights into essential technical skills.
- Understanding of workplace practices and professional conduct.
- Guidance on the transition from campus to corporate life.
- Interactive exchange of ideas between students and an industry professional.

Event Highlights

- Interactive webinar-style session with students.
- Valuable guidance from distinguished alumnus Mr. Pinaki Paul.
- Industry-oriented discussion focused on career preparation.
- Practical perspective on skills required beyond the classroom.
- Meaningful learning experience for participating students.

The ECE Society, BIT Sindri, extends its sincere gratitude to **Mr. Pinaki Paul** for sharing his expertise and valuable insights, and to all the participants for making the session a meaningful learning experience.
